

## Have you made your 2024 RRSP contribution?

RRSPs are a sound investment in your future. If you have not already purchased your 2024 RRSP, there is still time to take advantage of your contribution limit room.

**RRSPs purchased through March 3<sup>rd</sup>, 2025, are eligible to be applied to the 2024 tax year.**

And we have made it so easy for you to make your contribution!! Check out our options:

**Contribute Online** – if you have a RRSP variable savings account, you can enjoy the convenience of making your contribution through our online banking system using the “Transfers” feature!! You can set the transfer to occur immediately, or you can schedule it to occur at a future date, or you can schedule it to occur on a recurring basis (such as monthly). And the best part is that the option to increase or decrease the transfer amount or skip a transfer or change the frequency of the transfer is available right at your fingertips!! Please ask us how we can make sure this option is available to you!

**Contribute over the phone** – if you have a RRSP plan set up with us you can make your contribution by giving us a quick phone call (306-397-2242).

**Set up automatic contributions** - automatic RRSP contributions are a convenient way to take advantage of an RRSP investment, spreading the cash outflow throughout the year. You simply have an automatic transfer set up from your account to your RRSP plan for a frequency that best suits your financial position (ex: monthly, weekly, etc.). See how easy it is to save.

**Is cash flow a little tight right now?  
We offer loans to purchase RRSPs at very competitive rates. Our lending staff would be happy to help you find a way to make it possible for you to plan for your future today.**

## Travelling this Winter??

We do carry US currency, however, if you want to be sure we have what you would like, it's best to call and order three weeks in advance of your departure!

Also, be sure to let us know of your travel plans so we can enter your MemberCard into our travel notification system to ensure your continued use, without interruption during your holiday.
